

OBJECTIVE

With an MBA in Finance and Business Analytics, complemented by a postgraduate degree in Economics, I'm poised to leverage my knowledge for financial innovation and organizational excellence. With strong foundation in of both finance and economics, I'm excited to provide efficient financial strategies and nurture company's and my own professional growth.

EXPERIENCE

Summer Intern | INDIA POST PAYMENTS BANK

July-August 2023

Worked closely on "Project Revive" initiative, which aimed to revitalize banking services, primary tasks involved analyzing customer data to identify potential target segments for promoting premium accounts and mobile banking services. Additionally, I gained practical experience on IPPB's Micro ATM App.

Intern | EDUCATION CENTRE OF AUSTRALIA

April 2023

Employability advantage program April 2023 - lead a team in providing a comprehensive solution to a SaaS organization concerning the future growth of their AI platform. This enabled me to develop leadership and problem-solving skills while gaining valuable insights into the field of AI technology.
